EXELLENT PERFORMANCE   SPEED UP YOUR WORKFLOW

FANLESS MINI PC

Intel Business All in One mini PC

SMALL BODY GATHERED LARGE CAPACITY

intel

| Intel CPU | Fanless Noiseless Dustproof | 135mm Metal mini case | High speed SSD | Bulti-in WiFi |

Windows | Linux | XBMC | ubuntu | openelec

Green, Energy Saving
15w Low Power Consumption, save 80% of the energy than common PC, perfect energy conservation makes fanless mini PC an ideal economical solution for home/ office/ indus-trial/ educational/ commercial environment.

Specification N90 series

Processor	CPU	Intel® Celeron® Processor J1900
	Max. Speed	2.42GHz
	Chipset	Intel Bay Trail-M/D - Bay Trail
Memory	Technology	Single Channel DDR3L 1600Mhz
	Max capacity	4/8GB
	Socket	1*240 pin SO-DIMM
Graphics	Chipset	Intel® HD Graphics
	Interface	1*VGA + 1*HDMI 4K output
Ethernet	Lan	1*Intel I211 10/100/1000Mbps RJ45
	WAN	Half Height Mini PCI + 2 external antennas (Optional)
Audio		High Definition Audio Controller, SPK+MIC
IO Interface	Serial Ports	4*RS232 COM Port ,2*RS232/RS485 COM Port (Optional)
	USB interface	1*USB 3.0 ports and 3*USB 2.0 ports
Storage	SATA	No HDD
	mSATA	1*mSATA 3.0 slot for mSATA SSD
OS Support		Windows 7, 8, 10 and all kind Linux OS
Power Requirement	Power Type	External power adapter mode
	Power adapter	12V 3A/5A
Power Consumption	TDP	Theoretically max 15W
	TDP Down	NO
Mechanical	Construction	Aluminum housing
	Mounting	No VESA Hole
	Dimensions	128*135*40MM
	Weight	NW 1.05kg, GW 2.0kg
Operating Environment	Temperature	-10℃~95℃
	Humidity	0%-95% relative humidity

40mm

128mm   135mm
